PRODUCT DATA

ELECTRONIC CLEANER FLAMMABLE

Contact Cleaner for Delicate

Electronic Parts & Equipment

DESCRIPTION

A solvent, which evaporates without residue to clean flux, dust and other atmospheric deposits from circuit boards of electronic equipment.

It is plastic friendly with the majority of sensitive plastics and elastomers. If there is any special or unusual polymer used for construction users should test a small section to ascertain suitability. Safe for use on active metals such as aluminium and zinc.

HOW TO APPLY

A short extension tube is supplied to direct the spray at the object to be cleaned. This product is flammable and must not be used on live equipment.
